Profile

I am a self-taught Venezuelan who likes to go straight to the point and also to develop software. I specialize in the Python language doing Web Scraping and other scripts for different functions. I also handle PHP, MySQL, C# and WordPress.

Experience

DigitalSuaz – (Venezuela, 2018 - 2019)

Web Designer

Using Wordpress and Elementor. (<https://digitalsuaz.com>)

Hialeah SAC – (Peru, 2019)

Web Designer

Using Wordpress and Elementor. (<https://hialeahsac.com>)

Sulasoft – (Venezuela, 2021 - Now)

Web Scraping

Using Python, Selenium, BeautifulSoup and Tkinter technologies. In another update the Tkinter interface was changed to PyQt5. This program pulls products from Amazon and posts them to Telegram groups using the Amazon Affiliates link.

Education

Ingeniero en Telecomunicaciones - 2016

UNEFA (Venezuela)

Técnico en Computación e Informática - 2012

Fe y Alegría Madre Alberta Giménez (Venezuela)
